**DISCUSSION:** Sukie Scheetz, Assistant County Administrator, addressed the Board with regard to the requested supplemental appropriations for the Residential Improvement Districts (RIDs). Ms. Scheetz explained that each year it is necessary to adjustment the appropriations

after the actual receipts are received. When the revenues are higher than anticipated, it is necessary to increase the appropriations for full distribution of the funds.

Ms. Scheetz further stated that the Cash Transfer in the Consent Agenda previously approved today relative to the Certificate of Title Administration Fund in the amount of \$400,000.00 is the annual surplus transfer received from the Common Pleas Clerk of Courts. She further stated that the money will go back to the General Fund. Commissioner Painter indicated that Barbara Wiedenbein, Common Pleas Clerk of Courts, and her staff do an excellent job. He further expressed his appreciation for Ms. Wiedenbien's diligent management and oversight of her operations, which allow revenues to be returned to the General Fund each year.

Commissioner Painter questioned if any of the Residential Improvement District Funds go to the Clermont County Transportation Improvement District (TID). Ms. Scheetz explained that the RIDs bring in revenues based on developments which have occurred since their establishment in 2005. All of the RIDs have an agreement in place to reimburse the school districts for the money they would have received if the RIDs had not been established. The school districts are the first group that funds are distributed to from the revenues received. Following the distribution to all school districts, an agreement is in place with the Board of Batavia Township Trustees to reimburse funds to the township for the money they would have received if the RIDs had not been established. The balance of the RID revenues goes to the TID to cover the commitment made by the County to the TID. Ms. Scheetz further explained that no RID money goes to the General Fund due to RID revenue restrictions. The RID revenues have to be utilized for the purposes stated in the resolutions when the RIDs were established. The balance of the RID revenues which goes to the TID is used primarily for transportation improvements which benefits the communities of the RIDs.

Upon roll call on the foregoing motion, the vote was as follows:

Mr. Painter, Yes; Mr. Uible, Yes; Mr. Humphrey, Aye.
