IN RE: MINUTES OF REGULAR SESSION...APPROVED

Moved by Mr. Painter, seconded by Mr. Uible,

To approve and sign the minutes of the Regular Session of 12/12/2018.

Upon roll call on the foregoing motion, the vote was as follows:

Mr. Painter, Yes; Mr. Uible, Yes; Mr. Humphrey, Aye.

LET THE RECORD SHOW: Patrick Manger, County Engineer, provided the Board of County Commissioners with an update regarding the proposed Harvest Ridge Stormwater Utility District. A PowerPoint Presentation was provided outlining the background and details of the proposed Stormwater District which was previously discussed in the Board of County Commissioners' Regular Session of 08/15/18 (attached). Mr. Manger stated that the cost of service assessment for the property owners, in August 2018, was \$13.60 per lot per month. Mr. Manger further stated that the Board of County Commissioners' expressed their concerns in the 08/15/18 Regular Session regarding the lack of communication to the property owners and asked the Homeowners Association (HOA) to readdress the issue and make sure that all of the property owners are fully aware of the impact of the proposed Stormwater Utility District.

Mr. Manger reported that the only change in the proposed Harvest Ridge Stormwater Utility District since August 2018, is a reduction in the individual homeowner rate from \$13.60 to \$12.76 per lot per month, which represents a reduction of \$0.86. The reduction is a result of the HOA agreeing to commit \$10,000.00 towards the upfront capital costs of the proposed District (reducing the capital costs from \$35,000.00 to \$25,000.00). Mr. Manger stated that the \$12.76 service cost would be in effect for fifteen (15) years until the debt service is retired. At that time, the rate would go down to \$9.46 which is in line with comparable Utility Districts currently in place in the County. Mr. Manger further stated that the factors driving the cost for the proposed Harvest Ridge Stormwater Utility District is the fact that it is a small subdivision (with fifty-six (56) owners) and the upfront capital costs.

In conjunction with Mr. Manger's presentation, Frank Sullivan, Treasurer, Harvest Ridge Association, Inc., outlined the background of the development of the Harvest Ridge Subdivision and the deterioration of the stormwater facilities. Mr. Sullivan reviewed the timeline for the formation of the proposed Stormwater Utility District from 05/08/2017 through 10/03/2018. Mr. Sullivan stated that, as a result of the Board of County Commissioners' concerns in the 08/15/2018 Regular Session, Harvest Ridge Association, Inc. held a Special Meeting on 10/22/2018. Prior to the Special Meeting, a letter was sent to all homeowners regarding the Special Meeting along with full details of the proposed Stormwater Utility District and a ballot/proxy to vote on the proposed Stormwater Utility District. In addition, multiple emails

were also sent to all homeowners. Mr. Sullivan reported the results of the vote on the proposed Stormwater Utility District as follows:

56 - Eligible homeowners

38 - Homeowners provided a ballot/proxy response and/or were present at the meeting.

18 - Eligible homeowners did not return a ballot/proxy response and were not present at the meeting.

36 - Yes votes were recorded.

02 - No votes were recorded.

Subsequent to the Special Meeting on 10/22/2018, some of the homeowners not in attendance were contacted and questioned why they did not attend or submit a vote on the issue. The homeowners not in attendance indicated that they had conflicts or they forgot. No one stated that they had issues with the project and wanted to vote no. Mr. Sullivan further stated that, subsequent to the Special Meeting, the HOA decided to commit \$10,000.00 towards the costs of the proposed Stormwater Utility District and communicated the commitment to the County Engineer's Office.

In closing, Mr. Sullivan stated that they need the municipality to control the stormwater in order to address the long-term maintenance needs of the Harvest Ridge Subdivision. He further recommended that the Board of County Commissioners pass the proposed Resolution to form the Stormwater Utility District.

LET THE RECORD SHOW: Commissioner Humphrey stated that today's Regular Session is the last regularly scheduled meeting that Commissioner Uible will be attending as a County Commissioner for Clermont County. Commissioner Painter provided a presentation to Commissioner Uible, on behalf of the Board of County Commissioners, summarizing his contributions as a County Commissioner from March of 2012 to present date and thanking him for his valuable service to Clermont County.

include tornado and flood warnings. Commissioner Painter questioned if, when they collaborate with DPSS to enhance the system, will the siren warning system also be looked at and Ms. Haverkos said yes.

29. IN RE: DEPARTMENT OF PUBLIC SAFETY SERVICES...TERMINATION OF THE LEASE AGREEMENT WITH THE VILLAGE OF NEW RICHMOND FOR THE LEASE OF SPACE ON THE WATER TOWER FOR EMERGENCY COMMUNICATIONS SYSTEM EQUIPMENT...18-0821-002...RATIFIED

Moved by Mr. Uible, seconded by Mr. Painter, that the Board of County Commissioners consider the following recommendation:

Recommendation of John F. Kiskaden, Director, Department of Public Safety Services, with the concurrence of Thomas J. Eigel, County Administrator, to terminate the Lease Agreement by and between the Board of County Commissioners of Clermont County, Ohio, and the Village of New Richmond, 102 Willow Street, New Richmond, Ohio 45157, previously ratified by the Board of County Commissioners on 03/31/1992, for the provision of leasing space on the water tower located on Bethel-New Richmond Road for emergency communications system equipment, pursuant to and in compliance with Article 4 of the referenced Agreement which

states in part that "in the event that one party notifies the other party at least thirty (30) days prior to the expiration of the previous "Lease Term" of the intention not to renew this Lease Agreement" for which the "term" of the Lease Agreement commenced on 03/15/1991 and continued until 03/14/1992 and automatically renewed from year to year thereafter without further written agreement relative thereto and further to authorize John F. Kiskaden, Director, Department of Public Safety Services, to issue a termination letter in concert with the terms and conditions set forth in the afore stated Lease Agreement and the current lease term therefore.

DISCUSSION: Commissioner Humphrey questioned why we are terminating the Lease Agreement and Mr. Kiskaden explained that years ago the County utilized a water tower in New Richmond as part of the Radio Communications System. All of the 800 MHz equipment was moved off of that tower several years ago and the only thing left on the tower was the weather siren activation piece, which now has been moved to northern Kentucky. Since we are terminating our Lease Agreement with New Richmond, Campbell County will now have to obtain their own agreement with New Richmond to utilize the water tower. Mr. Kiskaden further explained that the old generator at the site is obsolete and is no longer needed.
