# CLERMONT COUNTY A COMMUNITY THAT CARES

A person wearing a plaid shirt and jeans is walking away from the camera on a gravel path. They are holding a red leash attached to a light-colored dog. The scene is set at sunset, with the sun low on the horizon, creating a warm, golden glow and long shadows on the path. The path is bordered by dense green foliage on the left and more open vegetation on the right.

Clermont Animal CARE Humane Society assumed management of the Clermont County Animal Shelter and Dog Warden Services in January 2018. Our goal from the beginning was to transform Clermont County into a no-kill community.

# Animal Control & Protection

 Clermont Animal CARE Humane Society is 🙏 asking for donations. January 8 at 6:56 PM

The Shepherds have been very scared. We had an idea today to let them hang out together and it resulted in a German Shepherd pile.

We need volunteers to come spend time with them and help them come out of their shells. In fact, a police officer from Cincinnati came in on his day off to just spend quiet time with one of them (which resulted in this meeting up of 3!). If you want to spend time with ANY of our animals, please complete a volunteer application here:

This is Humphrey, Mustard and Cappuccino.

We appreciate your support! Caring for these animals takes people, resources and funds. Thank you to our community!
