This scenario funds the highest scored projects along with HOME, Septic Rehab, People Working Cooperatively for Home Repairs and adds CASC funding for Drug and Alcohol Counseling. Septic Rehab is decreased as we have been funding 1/2 of the amount requested for the past two FY. **Projects in 2015/2016 and 2018 were not able to be completed - the funding for these projects will be taken from 2020 and overage costs will be covered with funds from previous FY CDBG grants. There is a total of \$110,000 available in funds from projects that could not be complete in previous years.
